SOVIET PRISON CAUSES DEATH

Mrs. M. Schwartz, of United States, Victim

COUPLE PUT IN PRISON

Both Went to Russia to Attend Internationale Congress—Why Populace Shouted.

Berlin, Jan 12.—"Communism in Russia is robberism; it tolerates imprisonment, persecution and execution without trail; it has brought Russia to starvation, disease and death. There is no government. It is a worse autocracy than the Czarist government, and I lived there for over 20 years under the Czar and had the experiences necessary to make comparisons."

M Schwartz, an American Socialist of San Francisco, who was recently released from four months imprisonment in soviet prisons in Moscow, made this declaration yesterday. With his wife, known in America as a Socialist worker under the name of Jessie M. Mollie, he went to Russia last June and attended the second congress of the Third Internationale.

The couple were thrown into prison on August 6, because they failed to express approval of conditions in Russia. They were released on December 3, after Mrs. Schwartz went on hunger strike, and sent to Lenine, Trotzky and Tchitchern notification that she preferred to have her death advertised to the working classes of America rather than suffer further hardships at the hands of the Bolsheviki, whom she had believed to be exponents of justice to the workers until she arrived in Russia.

Mrs. Schwartz died at Reval on December 20 from the effects of her long solitary confinement and hunger in soviet prisons; and her husbad is returning to America alone to give even worse pictures of conditions in Russia than many of the Italian, British and German delegates to the Congress of the Third Internationale have painted.

"Before I went to Russia," said Mr. Schwartz. "I came here to Berlin and visited Mrs. Karl Lebknecht to express my sympathy with her over the death of her husband, whom she has charged Noske with murdering. Now I have come to see her again and tell her that the Communist leaders in Russia have killed my wife and that I am going to America to tell the working people there the truth about the soviet government, which I formerly sympathized with thoroughly and supported on the platform from New York to San Francisco.

"I want to tell them what that second congress of the Third Internationale was. It was only Zinovieff, Bukharin, Lenine and Trotzky. It was all cut and dried. The members were told what action to take, and the ydid not dare do otherwise."

Before their imprisonment, Mr. Schwartz and his wife traveled through 14 governments. They visited Samara, Tambov, Nizhni-Novgorod, Tula, Kazan and many other important centers. Schwartz, who is a member of the American Federation of Labor, was sent to Russia by Otto Branstetter, executive secretary of the Socialist party of America, to make a thorough investigation, as he spoke the Russian language and knew the prewar conditions.

"Everywhere we went we were met by brass bands and crowds waving red flags shouting for the soviet government. But we were not fooled. From the moment we landed in Petrograd we saw misery, dilapidation and equalor. We suspected that something was vitally wrong which could not be explained merely by revolution.

"I instantly began talking to persons of all classes and broke away from our Bolsheyist conductors, who were showing us only what they wanted us to see. I soon found that the shouting crowds had to shout or tehir food rations would be reduced or entirely taken away. I can truthfully say that I never talked with a single person, outside of officials, who had a good word to say for the soviet government."

MOOSEHEART OFFICERS

Installation Services Held Monday Night, Followed by Reception

The women of Moose Heart Legion, Alexandria Chapter, No. 378, met at Moose Hall on Monday night and installed the following officers to serve for the coming year: Mrs. Bertha Angevine, past regent; Mrs. Eva Simms, senior regent; Mrs. Bertie Baber junior regent; Mrs. Fred List, chaplain; Miss Louise Simpson, treasurer; Miss Katherine Gilium, secretary; Mrs. Eugene Conbin, argus; Mrs. Thomas Coleman, sentinel. The new officers were installed by deputy grand regent, H. T. Chichester, assisted by M. J. Angevine. Quite a number of Moose of Virginia Lodge No. 1076, were present for the installation. After the ceremonies were over, all were invited to the reception room, where there were about 200 invited guests awaiting and a table beautifully decorated with fruits and cakes, several of which were decorated in the colors of the order, red and white. The one presented by Brother Jake Sperling, which was baked and decorated by him, with the letters in red and white, "The Loyal Order of Moose, (1076.)

While refreshments were being served, which included everything that could be mentioned, the crowd were entertained by the Alexandria Mandolin Club.

Then came the surprise of the evening when tickets were distributed for a beautiful French poll parrot, presented by Joseph Morrow, and the lucky number was drawn by Private Ernest, a soldier from Camp Humphreys.

Very great credit is due the committee in charge of the reception as they decorated the hall, prepared the punch and served all present without the assistance of anyone.

After a very late hour the guests all departed, having expressed their thanks and appreciation to the Loyal Order of Moose for the pleasant evening they enjoyed.

The ladies of the legion hope to see the same crowd on Friday night at their dance which will be held in the same hall.

Thrift Week Plans

Will be Open January 17—Ministers Asked to Aid

Alexandria is to celebrate National Thrift Week January 17-24. The Y. M. C. A. International Committee which inaugurated the week chose Benjamin Franklin's birthday, January 17, as the opening day and it has been universally adopted as the most appropriate date, commemorating in a way the great exponent's efforts along thrift lines.

The ministers of the churches of the city have been asked to preach thrift sermons and some thrift talks will doubtless be made in the schools, and the state and national authorities are spreading the thrift idea everywhere.

A statement has just been sent out by some of the exponents of national thrift urging the adoption of a state and national budget to insure greater efficiency and economy in state and national affairs.

Many pointed shafts in the form of the following statements have been sent out: "Thrift is power," "Save and Succeed," "Master money matters or they will master you," "Work and earn,' "Make a Will," "Make a Budget," "Own Your Own Home," "Keep a record of expenditures," "Pay Your Bills Promptly," "Have a bank account," "Invest in reliable securities," "Carry life insurance," and "Share with others."

American Legion

New Officers of Local Post Installed Last Night

Failing to get enough attendance to hold the semblance of an official meeting, the newly elected officers of Alexandria Post, American Legion, were declared installed by the retiring Commander, Capt. George H. Evans and an informal discussion of a number of matters of especially great interest to the post was conducted.

The officers installed were as follows: Commander, John T. Worthington; vice commander, C. M. Shepperson; secretary, Charles R. Morrison; treasurer, D. A. Lindsey; executive committee, E. H. Hoffman, Gilbert J. Cox, Jr., O. A. Reardon; sergeant at arms, J. D. Johnson.

NURSE GETS $58 A KISS FOR 60 IN ONE LI'L HOUR

Chicago, Jan. 12.—"Sixty kisses an hour," which Miss Virginia Foster alleges were given her by Aurelies C. Turpin cost the latter $58 a smack or a total of $3,500 when the Appellate Court handed down an opinion yesterday, affirming judgment in the Superior Court, which awarded damages to Miss Foster

"There is abundent evidence that Turpin made promises of marriage to the young woman," the opinion reads. Miss Fister is a nurse and Turpin is a retired real estate dealer.

"The jury could have found," continues the report, "that these actions were deceitful and that Turpin's breach of promise to marry her put her in a compromising position and subject to suspicion of her friends and acquaintances."

LUDENDORFF ASK ARMIES TO CRUSH REDS

Berlin, Jan. 12.—A military alliance between Germany and the entente to crush Bolshevism was urged yesterday by General Ludendorff, former quartermaster general of the German armies.

Ludendorff declared that sooner or later Western Europe must meet the "Soviets in armed combat." A defensive policy is useless, he declared.

The general estimated that a force of at least 1,300,000 men would be required to crush the Red military forces and hinted that Germany would supply a large part of the force if it were equipped and maintained by the allies. Danger of a German attack on the entente would be obviated by the allies' control of supplies, he said.

Hope of a revolt in the Soviet armies is useless, Ludendorff declared. The Red army is filled with Chinese mercenaries, to whom no patriotic appeal can be made, he asserted.

The generals plan was approved by other German generals and prepared for transmission to the allies.

AERONAUT FELLS HINTON ON RETURN

Trouble Starts Over Letter Written by Hinton

RAT' FARRELL RETORT

Farrell Claims He Was Double Crossed—Took Turns in "Mashing" Caught in Snowstorm

Mattice, Ontario, Jan. 12.—The long trek to civilization of the three American naval balloonists came to a dramatic climax here yesterday afternoon when two of them—Lieuts. Farrell and Hinton—came to blows over statements alleged to have been made by the latter in a letter to his wife.

When they emerged from the bush at 2:30 o'clock after a sixteen days' journey from the Hudson Bay Company's post at Moose Factory, near where they descended December 14, the three aeronauts, bound in a tie of friendship through their facing together of death, apparently were inseparable.

An hour later Lieut. Farrell sat in the parlor of the log cabin home of H. P. Williamson, clerk in the Hudson Bay Company store here, relating the story of the party's adventures to newspapermen.

During the conversation Lieut. Farrell was shown copies of news dispatches, among them a letter alleged to have been sent by Hinton to his wife and published, which said, in part:

"Mr. Farrell fell from exhaustion several times. Wanted us to cut his throat and take his body for food, and asked us to go on and let him die, but we decided to stick and die together. I was the only one that did not express my feelings, and kept them cheered up."

Hinton then came into the room. He told Farrell he should not continue his talk to newspapermen, as he had dispatches from the Secretary of the Navy forbidding any of them to talk until an official report had been filed.

"You rat, you have been talking yourself," Farrell snapped back indignantly. He then accused Hinton of writing false reports, referring to the letter.

Hinton replied that the letter had been published without his consent but that its contents evidently had been exaggerated. Farrell then went into another room to apologize to Mrs. Williamson for his language. While he was gone, it is said, Hinton declared his remark about exaggeration was made only for Farrell's benefit.

Farrell returned. More words passed between the officers. Then Farrell took off his coat and struck Hinton on the jaw. Hinton was sent sprawling over a table. At this juncture newspapermen and others in the room stepped between the men

The men left the cabin separately and went to a special train waiting on a siding to take them to Cochrane

Claiming that he had been "double crossed" in regard to the writing of letters for publication, Farrell said:

"I wrote a letter to Frank Bent, commissioner of contracts of New York City, and he (Hinton) asked me to write on it that it was not to be published."

He added that Bent was an intimate friend and evidently had done as he requested. He said he thought Hinton and Kloor wrote their letters under the same agreement.

The balloonists will remain here until this afternoon as guests of W. B. Way, divisional superintendent of the Canadian National Railway, whose private car has been placed at their disposal.

The time of departure has not been announced. En route to New York the party will make only one stop, Toronto, where they will be guests of Mayor Church and the rotary club of Toronto at luncheon. They will arrive in Toronto about 3 o'clock, Thursday afternoon.

Lieut. Farrell said last night that there was a great deal of "nubbling" among his companions and himself during the three days they were lost in the woods above Moose Factory. He claimed he was in better physical condition than either of his comrades and at night he would lie on the exposed side of Hinton to keep him warm.

"As a matter of fact," Farrell said. "I could have licked both of them, and could do it now in this room."

Farrell said he held no grudge against Kloor, who during the days in the bush, he said, had remarked that he did not want to die, as he had "too much to live for."

The party left Moose Factory December 28, instead of December 27, as they had intended.

During the first three days' traveling down the Missinabi [illegible] three officers rode on the sleds because they still were fatigued from their earlier experience, Farrell said.

When they felt fully rested, he continued, they took turns in mushing along with the Indians. They had been initiated into the secrets of the snow shoe while at Moose Factory and got along fairly well, but were rather "used up" when time came to make camp.

They were caught in a snowstorm the first Sunday on the trail and were forced to pitch camp after traveling but 1 mile. Eight days down the Missinabi their dogs began to show signs of fatigue, and men were sent back to Moose Factory for others. They were well provisioned and moose meat formed a part of their daily ration.

They carried four pigeons when they left Rockaway, Farrell said. One of them was released a short distance from the point of departure Two of the others were eaten during their stay in the woods and the fourth was killed and held for the last more'.

Almost immediately after the ascent at Rockaway they went into the clouds. The only time they could see earth was when passing over Wells, N. Y. Then they were caught in a heavy snow storm, struck tree tops in the Adirondacks but were swept on by the wind.

When the barking of a dog was heard they opened the valve of the gas bag and descended. The balloon lodged in the branches of a large tree and the officers climbed down, thinking they were in the Adirondacks. They did not learn their whereabouts until they met the Indian, Tom Marks, three days later.

Kloor, who walked ahead of the others, came upon the Indian and called to the others. Kloor first offered Marks a cigarette, to prove his friendliness, and then at the suggestion of Farrell, gave him a dollar.

The three officers carried $120 among them.

A descent would have been made sooner, Farrell asserted, but Kloor, who was in command, was eager to make a record flight. They carried no charts with the exception of a Quebec railroad map.

Near Wells, N. Y., the balloon caught in a tree, and while trying to disentangle it, they talked to a man who gave them their bearings. Then they managed to break loose and resume their trip. They had an opportunity to descend near Ottawa about 11 o'clock that night. Farrell said, but did not know their exact location, and after a consultation, decided to "stick it out" until morning.

After that they were caught in a storm. They were made miserable by an alternate snow and rain and the wind, blowing north by west, was heavy. At daybreak the storm had not abated. They were in a dense fog and were above the clouds.

The rain ceased at 9 o'clock, but the fog had all been consumed. The clouds cleared for a bit and they saw nothing but forest below them.

They were carried down to the tree tops on numerous occasions and each time threw out their sand ballast. Twenty-one 30 pound bags were taken at the start. When this was gone

COMMUNITY SOCIAL PLANS FOR NEXT SATURDAY

Mrs. Harry B. Caton, president of the Ladies' Auxiliary of the Y. M. C. A., has announced that one of the features of the Community Social at the Westminster Building next Saturday evening will be a deck shuffle board tournament in which the young ladies will oppose the young men.

If the tournaments that have been held in the past it has been observed that the young ladies played fully as well as the young men and now that the game has become so familiar to so large a number, it is thought well to give the young ladies a chance to demonstrate their superiority, if that is possible.

Singles and doubles will doubtless be played and prizes will be awarded to the winning contestants. Motion pictures will be shown again and this feature was a most popular one last Saturday night, the films displayed being of an unusually high order.

100 Attend Lecture

Dr. Collier Delivers Second of Series Last Night

About one hundred teachers and religious workers greeted Dr. F W. Collier at the M. E. Church South last night when he delivered the second lecture in the teacher training series. The lecture was mainly on child psychology and plainly demonstrated the great teachers ability to handle the different subjects he will lecture on during the ten weeks the course is to run.

Dr. Collier used the teachings of the Master Jesus as a foundation for his discussion and repeatedly made the statement that His methods could not be improved on, although modern interpretations and adaptations might prove beneficial in many cases.

Enrollment in the class will probably be discontinued with next weeks class, as those desiring to take the course will doubtless desire to miss no more than the three first lectures. The lecture hour next Tuesday evening will again be thrown open to the public in order to allow all who may desire to have an opportunity get into the class

The resolution fixing the compensation of the tax collector provides that on taxes due the city for the year, 1920 he shall receive five per cent commission and for the year 1921 and subsequent years a commission of two and one-half per cent shall be paid on the first $100,000 collected and deposited in the city treasury and one per cent on the remainder collected and deposited in the city treasury. SAT ON BUDDY INSTEAD OF "SITTIN' ON WORLD"

New York, Jan. 12.—Patrolman Patrick English, seated on top of Robert Miller, 24, an alleged burglar, and covering another suspect with a revolver, learned yesterday that he and the prostrate man were "buddies" in the famous Lost Battalion in the Argonne.

English captured the two on the roof of an uptown apartment house, where jewelry and silverware had been stolen. The alleged thieves fled to the roof, where they were trapped. As English adjusted hand cuffs on his former soldier comrade, other police arrested a third suspect, hiding in a dumbwaiter.

Highwaymen Busy

Two Held ups Last Night—Description of Men Furnished Police

Hold up men were busy last night according to reports made to the police, two persons being held up and robbed at pistol's point and third attempted hold up proved a failure.

Harry B. Davis, jr., who resides in Fairfax county several miles below Alexandria reported to the police that at about 6 o'clock last night while near the old watering trough, two miles south of this city, he was held up by two colored men, while driving in his automobile to his home. One pointed a pistol in his face and the second man secured $46 in cash from his pockets.

D. Patterson, residing at 1208 King street, reports that about 7 o'clock he was held up while on North Washington street extended and robbed of a Hamilton watch and a pistol. The police have been furnished with good descriptions of the highwaymen and from these descriptions they are of the opinion that both robberies were committed by the same parties.

An attempted hold up in the vicinity of Pulman's store, Fairfax county, who was made to the police, but according to the report the man whom the men intercepted drove his car rapidly away and escaped.

ALEXANDRIA AND THE STARVING CHILDREN OF THE NEAR EAST.

The Alexandria Branch of the Near East Relief asks the good people of this town to satisfy the hunger of sixty starving children in the Near East during this year of our Lord, 1921. Look upon the rosy faces of your own youngsters as you put them snugly to bed, and think that there are thousands upon thousands of little ones in the Near East who drag themselves wearily from day to day, gaunt with suffering; whose little faces are grown wolfish with hunger; whose pitiful little eyes stare upward in dumb entreaty; whose little bodies, worn and emaciated, seem more like skeletons than living, human beings. Think upon these starving children, who have the same birthright to health and happiness as your own—and then refuse to contribute them a meal to stay the pangs of their hunger if you can!—It were, indeed, a sin to so refuse. Remember Who said: "Suffer little children to come unto Me—for of such is the Kingdom of God."

LEE HIGHWAY COMMENDED BY THE PRESIDENT.

President Wilson, in a letter to Dr. S. M. Johnson, director-general of the Lee Highway Association commends the project and declares "there should be a national memorial to general Robert E. Lee, and the Lee Highway, as such, deserves the support of the nation." Noble words, these, and a fitting tribute to the knightliest of America's soldiers. For the memory of Robert E. Lee is now a precious heritage of an undivided country. East, West and North would welcome the opportunity to thus memorialize the great warrior, the perfect gentleman, the devout christian, the model of civic virtue, the devoted husband, the tender parent, who bore the name enshrined in every Southern heart. Well does the president say "a national memorial." We predict that the contributions will know neither latitude nor longitude. So mote it be!

THE RUSSIA OF THE FUTURE.

One of the profoundest minds of the 19th century, Thomas Carlyle, once stated that he would not have been able to understand History, that he might have lost his faith in Eternal Justice had it not have been for the French Revolution. To the student of history, as well as to the man who believes in an All-wise God, the same remark applies to Russia. Had there not have been a Russian revolution, brutal, bloody, and cataclysmic, the stern decrees and mandates of Justice would have been ignored. At the time of the French Revolution, whether true or not, the horrible stories were current among the peasantry and devoutly believed by them, that the French lords and ladies, returning from the hunt in winter, would disembowel the serf and thrust their naked feet in the warm cavity to warm them; that on certain feudal estates the peasants would be mercilessly driven all day, and then deprived of their sleep at night in order to beat the marshes that the perfumed gallant and the dainty damosel might rest with their slumbers undisturbed by the raucous croaking of the frogs. This, at least, was the spirit of the creed prevalent among the tenantry. For centuries all thinking men had foreseen a terrible uprising and retaliation. It was Louis XIV who exclaimed: "After me the Deluge!"

Therefore the true student of history views the Russian Revolution as an inevitable happening in the current of world events. He understands all the causes that have been festering underneath the surface since the reign of Rurik, and that were inexorably bound to foregather into one huge abscess, catastrophic in its results and influence on all mankind. Following the scientific method of studying history, in fact the true and only one, the historian, by induction from thousands of examples in the past, can formulate a genuine philosophy of history. The great minds that have done this have performed a work of vast importance to the world at large. It is consoling to know that they are invariably optimistic. They see the hand of God in human affairs, from the abysmal protoplasm, down through the uncounted ages, to the chieftainship of Woodrow Wilson. They know that the present Bolshevistic outburst in Russia is spasmodic and ephemeral; that it is, thank God, a symptom and not a disease. They believe, as does every man who believes in a Divine First Cause, that "God's in his heaven, and all's right with the world."

SPORTS

The Dreadnaught Basketball team will play the Washington Barracks Team in Armory Hall tonight. Poor attendance to the game was very noticeable last night, with a very small crowd present, the Pig D. team completely outplayed the visiting five from the District National Guards of Washington. Score, 80 to 14. Ike Dreifus and Jimmy Alexander starred with 15 and 11 baskets respectively. The entire team showed some real basketball, the Hayden Brothers, with Roberts and Frasca showed a good exhibition of close guarding and excellent passing, completely bewildering their opponents.

The team playing the Dreadnaughts tonight defeated the Co. A. team 54 to 12, two weeks ago, showing by comparative scores that there will be a real battle tonight.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.

CITY NEWS IN BRIEF

Mrs. Belle Owens, of Warrenton, is the guest of her cousin, Mrs. C. C. Peyton, in The Wagar.

The Alexandria High School basketball team defeated the Manassas High School team last night in the A. H. S. auditorium by a score of 34 to 13.

Bathing Beach Beauties
Held Not For Shoe Men

Milwaukee, Wis., Jan. 12.—A beach show, with two score bathing girls serving refreshments to delegates attending the convention of the National Shoe Retailers Association, was ordered discontinued yesterday by District Attorney Zabel, H. G. Towle, executive secretary of the convention made the following statement:

"The show is still running, the cabaret going full blast and we are having a wonderful time, only the waitresses are wearing regular clothes."

The waitresses had been wearing bathing suits, the District Attorney said he had learned. A number of shoe men objected, because of fears that the waitresses, being part of the time inactive, might catch cold.

"Anyway," said the jubilant delegate, "there were so many others dancing around we never missed the waitresses."

Mail and Cable Censorship
Kept up by Germany and Italy

Berne, Jan. 12.—Postal censorship still prevails in Germany, and even in Italy. Letters reaching Switzerland from these countries either show signs of having been tampered with, or, if they have been long on the way are marked "passed by the censor" or "opened by the censor." Yet the official censorship in Italy and Germany is supposed to have been abolished. Cables particularly are carefully scrutinized by the censorship both in Germany and Italy.

It is not so much a military as a political censorship which now exists International military spies may have disappeared from Switzerland, but political spies are everywhere.

ASK FOR A GERMAN IN HARDING CABINET

Chicago, Jan. 12.—A resolution urging President-elect Harding, in choosing his Cabinet, to "consider the number of Americans of German descent and their heroic services both before and during the war," and another calling upon his Administration to reject the peace pacts of Versailles and St. German were adopted today by the German-American Citizens' League of the United States, in session here.

A committee of three was named to present these resolutions to Senator Harding at Marion. On it are Ferdinand Waltzer, of Chicago; George Sylvester Vireck, editor of The American Monthly, of New York, formerly known as The Fatherland, and Dr. Arthur Geoffrey Lang, as the Secretary of the Protestant Friends of Irish Freedom of New York.

Vireck denied a report that this Committee would present the names of "cabinet size German-Americans" to Senator Harding, but said it would be prepared to suggest a few, if asked to do so.

King George Losing Hair; Hunts Restorer

London, Jan. 12.—Alarmed at the rapid loss of his hair, King George has commanded the court perfumer to find a remedy for baldness.

It was a "Rush Order" and the perfumer scoured the more exotic corners of the Empire for a real cure. He is now supplying the King with a special oriental oil from India, the secret of which has been handed down through many generations of fakirs.

It has checked George's call of hair but has not covered the bald patches.

Austrian Government Bankrupt, Tells Allies it Can't Continue

London, Jan 12—The Austrian Government has announced to the Entente that it is at the end of its resources and no longer is in a position to continue, according to a report which has reached official German quarters, says a London Times dispatch from Berlin.

The Government has declared its intention to retire January 15 and place the administration of the country in the hands of the Reparations Committee, the dispatch adds.

600 ARRESTED IN INDIA RIOTS

Allahabad, British India, Jan. 12.—The police are powerless to quell the rioting in this region, which has spread to Sultanpur, 60 miles to the northeast, where buildings have been burned. Troops have been summed from Lucknow.

Six hundred persons have been arrested.

RED BLOOD GETS HOUSE-WORK DONE

Supplies Health and Vigor to Women Who Overwork

Full-Blooded People Enjoy Life

If Your Blood is Thin, Take Pepto-Mangan. It Makes Rich Red Blood

Just look around you and notice the kind of people who enjoy life. They are the full-blooded people. Sallow complexioned, dull-eyed people don't have much fun. How can they, with blood that is lacking in life-giving red corpuscles? It takes red blood to do good work, to enjoy life, to be congenial, to be somebody.

If you feel run down and out of sorts most of the time, if your complexion is bad, it is probably due to starved blood. When you get that way you need Pepto-Mangan. It will pick you up and put you in the class of people who step out and do things. With plenty of red corpuscles you enjoy the excitement of life. Whether you work or play you find yourself getting things done and taking real pleasure out of life. You stand on your two feet in good health.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. The medicinal properties are the same.

Sold at all drug stores, But be sure you get the genuine Pepto-Mangan with the name "Gude's" on the package. Ask for it by the full name, "Gude's Pepto-Mangan."—Adv.

What is MOTHER'S FRIEND

Simply and tersely stated, MOTHER'S FRIEND is just exactly what the name implies—a friend and help to mothers.

It has been made and sold for more than half a century. If it did not possess the value claimed for it, MOTHER'S FRIEND could not possibly have remained on the market. For only that which is really worth while and beneficial can survive.

The mothers who appreciate MOTHER'S FRIEND the most, and who are loudest in their praise of it, are those who unfortunately did not use it with their first baby, and who, through its use with the second one, were able to ... y realize the relief it gave them.

DIDN'T EVEN NEED THE DOCTOR

"Dear Sirs: I am willing and anxious to tell any mother about MOTHER'S FRIEND. It did me so much good that I wouldn't be without it if it cost $5.00 a bottle. With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I only had a nurse; we had no time to get a doctor because I wasn't very sick and only sick about ten or fifteen minutes.

"Any mother can write me and I will only be too glad to give her advice. Yours truly."

SICK ONLY THREE HOURS, "MOTHER'S FRIEND" USED, COMPARED WITH FOUR DAYS SUFFERING WITHOUT IT

"Before using MOTHER'S FRIEND I suffered from Wednesday 'till Sunday. With my next child I used MOTHER'S FRIEND and was sick only about three hours."

Many a Pretty Face Spoiled by Pimples

Not only are these pimples and splotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

If you are afflicted with this form of skin disease do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. INGOMAR THEATRE

Louise Glaum, who won her rightful place among the famous emotional artistes of the screen by her superb performance in her first J. Parker Read, Jr., production, "Sahara," registers an even greater triumph in "The Lone Wolf's Daughter," at the Ingomar Theatre today, in the opinion of the exacting critics in California and New York, notwithstanding the fact that these same screen analysts acclaimed her former Read picture one of the few great stories of the past two years.

RICHMOND THEATRE

When George Ade's musical comedy, "The Slim Princess" started its phenominal stage career, audiences were convulsed by his whimsical conception of an Oriental country where women were esteemed for their weight, and no girl under 200 pounds had much chance of winning a husband.

This delightful farce has been picturized, with Mabel Normand as the gay little princess whose 98 pounds made her taboo with both sexes, and will be shown at the Richmond today.

A 2 reel Fox Sunshine comedy will also be shown.

HINTON AFTER RETURN AERONAUT FELLS

(Continued from page one)

they cut sections from the drag rope, which was wet and heavy.

They were continually fighting to stay up and reached an altitude of 6,500 feet at one time during the morning. At about 1.30 p. m. they heard a dog bark and decided to land. This they did with some difficulty.

They wore their flying suits. Their temperature was a little below freezing and they were fairly comfortable. Taking the three pigeons they started.

Deciding upon a course to the southeast, the direction from which came the howls of the dog, Hinton and Farrell were forced to extend themselves to keep up with the pace set by Kloor.

In this manner they went along until dusk, having made, they thought about 4 miles. They started a fire and decided to camp for the night. Farrell and Kloor smoked. They did not eat.

The next morning Hinton set out in search for water. He came back after a while without any.

They roasted one of the pigeons, ate and felt more cheerful.

The three American officers—Lieut. Louis R. Kloor, jr., of New Orleans; Walter Hinton, of Bell Harbor, N. Y., and Stephen A. Farrell, of New York—found a corps of newspaper men waiting to greet them when they entered this settlement at 2.20 p. m.

All three officers were in excellent condition. They reported no exciting incidents on their dogsled trip down from Moose Factory.

Ideal weather conditions favored the aeronauts on their last lap. After a sharp drop in the temperature overnight, the air this morning was clear and the threat of snow has passed with the change of wind.

The aeronauts were met by Trooper Louis McLaughlin, of the royal Canadian mounted police, who handed them a bundle of government dispatches from Washington.

There was not the slightest effort to place the Americans under technical arrest because of their alleged violation of international air regulations by landing in Canada without due formality.

The first thing that Lieut. Kloor did upon his arrival was to make a flat denial of the statement credited to Lieut. Hinto nthat Lieut. Farrell had offered his life in an effort to save his companions. The story had it that Farrell, worn out, had offered his body to his hungry fellow aviators as food.

Lieut. Kloor, however, declared that during the days they were wandering in the woods near Moose Factory their only food had been carrier pigeons.

There were three of these birds attached to the party and two of them were eaten by the officers. Lieut. Kloor said. The third was dead, but was not eaten. No bird was sent out by the airmen from Moose Factory with a message to Rockaway Point, Lieut. Kloor said on reaching here.

"The N. C.-4 adventure was nothing to this trip," Lieut. Hinton said, and Lieut. Kloor added that it had been the greatest adventure of his life.

Lieut. Hinton declared he would rather cross the Atlantic on a seaplane five times than make another journey, such as the one which terminated here this afternoon.

Lieut. Kloor said that by the flight the scientific fact was," established that a balloon with a capacity of 35,000 cubic feet had boupancy enough to travel 1,200 miles.

Previously, he said, it had been thought this feat was impossible for even a dirigible with less than 90,000 cubic feet capacity.

Adventure of a kind rarely known even to humans of "bum draft" would befell the three officers in the performance of simple navy duty, a test flight in the routine of general department orders, to test air currents among the clouds above their home station at Rockaway, N. Y.

The officers set out in a free balloon which "let go" about noon December 13. The big bag rose gracefully into the sky and drifted gently away. Slowly it gathered headway and pointed up New York State, increasing its rate of travel until night found it in the path of a driving storm which swept it into a desperate race with death that did not end until today—29 days later—when the aeronauts reached the railhead and an open road to civilization here.

How To Keep in Good Condition

Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, for these organs filter and cast out the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms.

WAS RELIEVED AT ONCE

"I was afflicted with kidney and bladder trouble for nearly 6 years. Had one very bad spell about 5 years ago. Was confined to bed for 4 or 5 days, unable to turn without help. I commenced using Foley Kidney Pills and can truly say I was relieved at once. I take pleasure in recommending your kidney pills to all who have kidney trouble." John Heath, Michigan Bar, California.

FOLEY KIDNEY PILLS

soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleansed and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due.

IS IT "JUST A COLD?"

Alexandria People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak.

First break the cold.

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly esspecially at night. I got Doan's Kidney Pills at Duncan's Drug Store and took them according to directions. I was entirely cured and thought that was over two years ago, I have had no return of kidney trouble since."

Price 60c at all dealers. Don't simpy ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Campbell had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

D'ANNUNZIO ILL IN BED

London, Jan. 12.—Gabriele d'Annunzio is suffering from a chill and is bedridden, says a dispatch to the London Times from Milan. In a final manifesto to the Legionaires, d'Annunzio said:

"Be my companion in arms in soul, my wealth, my courage, I shall have you with me always."

Further clashes between the Fascisti and the socialists are reported in the newspapers. At Rovigo, a former secretary of d'Annunzio, Umberto Keinger, was killed and a leading socialist badly wounded. At Florence the socialists stormed the house of one of their enemies and confiscated most of his valuables and much of his furniture.

FIX COMPENSATION OF CITY TAX COLLTCTOR

(Continued from Page One)

that under the present assessment with the prevailing rate the office will yield about $4,500 and about $5,000 under the new assessment. The matter was referred to the finance committee.

Council passed a resolution fixing the bond of the tax collector for the present term at $10,000 and $30,000 for the coming term.

A communication was received from the board of supervisors of Fairfax county relative to the bond issue of $500,000 for the improvement of the Little River Turnpike, being one of the connecting links of the Lee highway. Among other things they stated that they will not issue the bonds until the state highway commission agrees on the refunding they desire. This was referred to the joint committee on streets and finance.

The reason for the supervisors taking this was that the city has agreed to pay one-half of the interest charges on the bonds it may issue for the construction of the road.

Property owners on Alfred street petitioned council to have the old abandoned Hallowell school building, formerly used by colored girls, condemned and the matter taken up by the corporation court.

It was explained that the building had been sold by the school board to Hugo Herfurth, jr. Finally, however, council recommended that the matter be referred to the corporation court to be taken up by the grand jury and that all buildings in the city regarded as a menace be condemned and torn down.

The Virginia War History Commission asked for an appropriation of $300 for its work and President Burke suggested that the committee on finance, to which it was referred, confer with Miss Helen N. Cummings before acting.

W. F. Rhea, chairman of the state corporation commission, sent a communication setting forth that a supplementary assessment on the equipment of the Washington-Virginia Railway Company amounted to $247,000 and that the city's part to tax is $27,046. This was referred.

W. F. H. Finke, chairman of the city school board, submitted his resignation as a school trustee ascribing ill health as the cause and on motion of Councilman Lawler the resignation was laid on the table.

Bill of $1,085.13 of Graham and Ogden for employers liability insurance for city employees was ordered paid.

Fire Chief Ogden sent in check for $137.50 representing half of money received from the town of Potomac and Arlington county as an apprecia-

John H. Berns, of Cincinnati, Ohio, who says his wonderful restoration to health since taking Tanlac has astonished all his friends, has gained twenty pounds.

"My friends are all astonished over my wonderful restoration to health since taking Tanlac," said John H. Berns, of 308 East Front St., Cincinnati Ohio, recently.

"I don't know what it is, but there is something about Tanlac that certainly does the work," he said, "and I firmly believe if it hadn't been for this medicine I wouldn't be here now. It completely restored my health and I have gained twenty pounds besides have a splendid appetite now, and can eat anything I want without being troubled in the least afterwards.

"Before taking Tanlac my health was dreadfully rundown. My main trouble was indigestion, and I suffered misery night and day. I never seemed hungry, and the little I ate upset my stomach. I was nervous and couldn't get a good night's sleep. I lost thirty-four pounds and was going down hill rapidly. It seemed like the more medicine I took the worse I got.

"But since taking Tanlac I am like a brand-new man. I sleep like a farm hand all night and feel just fine all day. In fact, I'm a perfectly well man once more. Tanlac certainly beats anything I ever saw in my life."

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and good druggists everywhere.

COULD EAT ANYTHING AFTER TAKING CHASCO-VIN

A Really Wonderful Tonic For Those Who Cannot Eat or Sleep and Who are Weak and Run-Down

"Before I took Chasco-Vin I was certainly in bad shape. I couldn't either eat or sleep and I was so weak and run-down and very nervous.

But after the fourth dose of Chasco Vin I began to drink water (which I couldn't do before) and shortly following that my appetite returned and I ate a good meal. I have now taken two bottles of this wonderful tonic and I feel fine. I could eat anything.

But I am going right ahead with another bottle or two to make it a good job because no one knows what I suffered.

I recommended Chasco-Vin to several others and they tell me it helped them too." C. H. Harmon, 205 Chestnut St., Camden, N. J.
